Notes:  
1) Source for all caseload data provided is the REX01/COLD (MARS) R-474701 report. The number of days captured in the monthly figure is equal to the number of days in the report month.  
2) In the July 2014 JBC Premiums Report MAGI Adults to 68% average caseload for FY 2013-14 was mis-stated. Average caseload was listed as 122,420 incorrectly, it is now correctly calculated at 124,680.  
3) In January 2014, 309 clients were moved from BCCP to MAGI Adults. The Department has adjusted historical caseload to show these clients in the BCCP eligibility and not in the MAGI Adults eligibility category.  
4) Caseload for MAGI Eligible Children and SB 11-008 Eligible Children has been adjusted from March 2014 to present to account for clients that are continuously eligible.  
5) Caseload for MAGI Adults and Breast & Cervical Cancer Program has been adjusted for January 2015 due to an error with the manual adjustment described in Note 3.  
6) In the September 2015 JBC Premiums Report, caseload for the second half of FY 2014-15 was restated to fix an error in distribution among categories.  
7) In the January 2016 JBC Premiums Report, historical values for both MAGI Parents/Caretakers groups, MAGI Adults, and BCCP were restated back to January 2015 and MAGI Eligible Children and SB 11-008 Eligible Children were restated back to March 2014, to correct for errors in the distribution among these categories.  
8) Beginning in the May 2016 JBC Premiums Report, the FY 2015-16 Year-to-Date Appropriation includes HB 16-1405 (FY 2016-17 Long Bill Add-on).

Notes:

- 1) The Medicaid Mental Health caseload is the same as the caseload for Medical Services Premiums, with the exception of Non-citizens and Partial Dual Eligibles.
- 2) FY 2015-16 Year-to-Date Appropriation includes SB 15-234 (FY 2015-16 Long Bill), Special Bills, HB 16-1240 (FY 2015-16 Supplemental Bill), and HB 16-1405 (FY 2016-17 Long Bill Add-on).
- 3) Mental Health Fee for Service Payments expenditure for December 2015 is artificially inflated due to an adjustment that was incorrectly applied to that appropriation; a negative adjustment was applied to correct the issue in January 2016.

Notes:

1) "Other" category includes clients enrolled in the Program of All-Inclusive Care for the Elderly and clients ineligible for Medicaid Mental Health Benefits.

2) Source for all caseload data provided is the REX01/COLD (MARS) R-474701 report except for the Colorado Access NE which is reported using paid capitation claims. The number of days captured in the monthly figure is equal to the number of days in the report month. The Medicaid Mental Health caseload is the same as the caseload for Medical Services Premiums, with the exception of Non-citizens and Partial Dual Eligibles.

3) For November 2015, the totals shown on this page will not match the totals shown on the prior page (showing program expenditure in aggregate) due to a reclassification adjustment of \$2,029,976 that is incorrectly impacting the Medicaid Behavioral Health Capitation Program expenditure in November 2015; this amount will be correctly adjusted in a future month. This adjustment is not shown on this page, as it is not related to a Behavioral Health Organization. Therefore, the total expenditure above for November differs from Mental Health Capitation Payments for November in the FY 2015-16 Medicaid Mental Health Community Programs Expenditures table (on the previous page), by this amount. This transaction adjustment has been corrected as of June 2016 and will show up in the July report.

4) Beginning in the December 2015 JBC Premiums Report, Colorado Access expenditures and caseload have been restated to reflect the two regions served by Colorado Access (Denver & Northeast).

Notes:  
1) Historically, DIDD State Only Programs do not have expenditures in accounting period 1. They do, however, have historical expenditures in periods 02 through 13.  
2) Family Support Services Program does not have a caseload appropriation. Services are rendered on a case-by-case and as needed basis.  
3) FY 2015-16 Appropriations for DIDD Supported Living Services and Targeted Case Management were adjusted to reflect only the portion appropriated for those services. State-only program appropriations were removed. Additionally, \$31,281,639 was removed from the Developmental Disabilities appropriation as it represents informational only client payments.  
4) HCBS-DD Waiver Service costs for clients living in Regional Centers reporting will be sporadic as the costs must be manually transferred from the HCBS-DD line item.  
5) Quality Assurance, Utilization Review and Supports Intensity Scale; State Only Supported Living Services, Family Support Services Program, and State Only Case Management have a one month payment lag.  
6) State Only Programs are part of the Targeted Case Management appropriation and do not have a stand alone appropriation. The appropriation listed here matches the contract amount for each program.  
7) HCBS-Developmental Disabilities expenditure was adjusted downward in the June 2016 report to account for previous double-counting of expenditure for Regional Center clients.
